Record of Practical Coaching Activities

To reaccredit a Level 1 qualification a coach must provide evidence of completing thirty (30) hours of updating activities over the four year period of their current accreditation, of which a minimum of 22.5 hours (75%) must be practical coaching activities. There are no restrictions on the level of athlete or team being coached during these practical coaching activities. The remaining 7.5 hours (up to 25%) can include activity as a presenter, mentor or assessor within the Coach Education & Development Program, attendance at coach education seminars, sport science courses or attendance as an observer at State or National team practices or international matches.

Of the hours completed as practical coaching activities half (50%) must be verified/signed-off by an authorised coach or administrator within the sport. Suitable individuals to complete this verification are a Regional, State or National coaching coordinator, Level 2 or 3 accredited coach, school principal for coaching of school teams or club official for coaching of club teams.

For further information on the reaccreditation of a Level 1 accreditation please view the Australian Volleyball Federation's Coach Accreditation Updating Policy online at:
